Federal Law requires the NATM Political Action Committee (NATM PAC) to obtain written permission from you before you or your company can participate in our PAC. If you wish to participate in our PAC, you must first authorize us to communicate with you regarding the PAC and NATM’s political activity, including periodic solicitations for contributions. Approval does not obligate you to contribute; however, it does allow us to keep you informed of political and legislative issues and activities. Participation in the NATM PAC is voluntary and any decision to not contribute will in no way reflect adversely on any solicitee.

Contributions to the NATM PAC are not deductible for federal income tax purposes. Federal law requires that members only give permission to one trade association per year.

*All you have to do is sign your name and return the form.
SIGN ALL FIVE YEARS FOR YOUR CONVENIENCE!*

I authorize the NATM PAC to communicate with and solicit contributions from me or those within my company’s “restricted class,” and I am permitted to make such authorizations on behalf of my company. I understand that my company may only grant permission to one trade association for the calendar years listed below, and that I may not sign this authorization if my company has already granted permission to another trade association PAC.

Such approval is granted for the following years (federal law requires a separate signature for each year):
